Dear Partner at Channel Africa

Press Statement

The Conservatives in Action - CIASA is a registered political party that is contesting the 2024 National and Provincial elections in the forthcoming weeks.

Our mantra for this election is:

No empty promises but the TRUTH. Why do we say that?

Because South Africans are tired of the same narrative perpetuated by the conventional political parties, meaning same old story, with little, if not minimal change that actually improves the lives of ordinary South Africans

We have predicated our key areas of focus on:

1. Meaningful Black Economic opportunities, meaning real, sustainable, factual Economic opportunities for Black(Coloured, Indian and African) South Africans who must be given true Economic opportunities instead of the crumbs falling from the table of the elites and the connected. If Equality before the law is a constitutional right, so should equality in Economic opportunities to enable our people to participate in what right now is a skewed, prejudicial economy that 30 years since the dawn of democracy, the majority are still consumers and not owners of this economy.

2. Women and child abuse has burdened our society and the little Govt attempts to deal with this scourge have become nothing but a tap on the hand.

As the CIASA whilst we bring HOPE, Passion, Action, Vision, fearlessness and boldness amongst other's, we shall ensure that this scourge with the Black Economic opportunities injustice is placed on the Parliamentary agenda, in every Parliamentary session, without fail. That is our pledge to SA. We want to see stronger and firmer action taken against perpetrators of violence and abuse against women, children and the aged.

Offenders must be dealt with harshly, to send a clear and unambiguous message to SA that this behaviour shall not be tolerated and cannot be allowed. As a country, we must review legislation and introduce a penal system for perpetrators of serious crimes.

3. Poverty alleviation has become daily rhetoric of political parties. Political parties who are in local, provincial and national Govt, sadly have failed our people. Simply because change rhetorically seems so near but in practice and realistically, is so far. Sadly and regrettably, to the detriment of the people who voted these very parties into Govt.

SA needs a new voice, a fearless voice, less rhetoric more ACTION, at all levels, to deliver what was promised to our people in 1994.

That voice is the CIASA.
